

I am delighted to have recently been appointed to the Governing Board as a Local Authority Governor.

I have been a teacher for over 25 years, beginning my career in secondary schools, then middle schools and finally over 15 years in primary education. During my time in schools, I held leadership and senior leadership roles, including headship. I have been a SENDCo and safeguarding lead in a number of schools.

Having left teaching recently, I am now working in a full time safeguarding role.

I grew up on the North East coast and I love walking by the sea. I also enjoy cooking, gardening going on holidays abroad.

I am very much look forward to being part of the Aycliffe Village Primary School Governing Body working as part of the whole school team to secure the best outcomes for all children and families.
