

I have been a member of the governing body in my capacity as a Parent Governor since February 2016 and am currently Vice-Chair.

I have a daughter in Key Stage 2 and like most parents, I am passionate about her education.

I endeavour to support the school management team to continually ensure that all pupils have the opportunity and environment to flourish and thrive.

I work for a bank and believe my skills in finance are advantageous and complement a very strong and proficient governing body. I am happy to utilise my employers £ for £ scheme to donate my volunteering hours for the benefit of the school.
