

I am proud that I was elected as a Parent Governor in 2016. Since 2001 I have worked with some very vulnerable young people in Middlesbrough and Darlington and am extremely passionate about ensuring they access their education. I feel I have learnt a lot about Education but also about myself.

I have a son in Year 2 and in September of 2018 my daughter will be starting in Reception. I have loved being part of the School Community and hope to be involved for some years to come.

In my spare time, I love playing Golf at a local golf course and am a passionate supporter of Middlesbrough Football Club.
