Weduc

We are excited to announce that we have now invested in Weduc, a new digital communication and engagement tool that has been designed specifically to improve the way that parents and school staff communicate.

In order to benefit from this new tool please follow the simple steps in the letter you should have received today. I have uploaded some guides and these can be found in the Newsletter / Letter section on our school website, screen shots are on page 3.

We will be adding content to the App over the coming weeks. Initially we will be posting messages and photographs in the Notices & Newsfeed sections and adding items to the Calendar. Over time we will build up the functionality of the App and gradually rely less on our texting service as messaging is also available within Weduc. The termly class newsletter is now also on the app.

As with any new technology the more we use it the more familiar it will become for staff and parents alike. If you would like to contact us, please do so via the usual means i.e. by phone or email and we would be happy to help. I hope you find this App an improvement from our current communication systems.

Our latest school video can be accessed here <https://youtu.be/X2AdR33A41E>

Please see some photographs of our week on page 2. More photographs are available on the Weduc app. Please log on to see photos for your child's class.

FAQ

How do I register for my app?

You will need to follow the instructions sent to you via email/letter. If you haven't received this email/letter yet, speak to your school.

How do I download the app?

You can go to your preferred app store, search Weduc and the app will appear for you to download. Please note that you will only be able to log in if your school has bought Weduc.

How do I login to my app?

Simply open up your app and enter your login details. You would have created these when you first registered for Weduc.

I am not able to download the app, how else can I log in?

You can access Weduc on any internet enabled device. Speak to your school.

Can I use Weduc without registering?

Unfortunately not. Due to the permissions within the system, only staff members that have enrolled are able to log on.

I am a teacher and a parent and/or I teach at more than one school, do I need multiple logins?

The good news is, no you don't. Weduc has the ability to allow more than one school to be accessible under one login. As long as your school has set up the right access rights for you, you will be able to flick between each school within Weduc. Please see the training manual on how to do this if you are unsure.
